

CS Code Update Diff Report

Release-to-release change evidence for security and operations review.

New services	Port changes	Env var changes	Endpoint changes	Component changes
1	2	4	9	5

Approval Considerations

- 1 new service(s), 0 removed service(s).
- 1 added port mapping(s), 1 removed port mapping(s).
- 3 added environment variable(s), 1 removed environment variable(s).
- 6 added endpoint reference(s), 3 removed endpoint reference(s).
- 3 added component(s), 2 removed component(s).
- 0 new vulnerability finding(s), 2 resolved finding(s).

New services

Change detail
telemetry

Removed services

None detected.

Added ports

Change detail
